President Reed's Lecture.
Dr. George E. Reed, President of Dickinson College, will address the Y. M. C. A. anniversary next Sunday evening in the First Presbyterian church. He will also lecture for the association Monday evening. Seats will be reserved at the association building at 8 o'clock this morning. The York Daily says: "Dr. Reed is a magnificent specimen of manhood, possessing a rich, powerful, melodious voice, and is a most eloquent and graceful speaker. He held the breathless attention of his auditors for an hour and a half, and a sigh of regret went up from all parts of the house when he closed. The lecture was a masterly effort and made a most favorable impression."

THROUGH TO CHICAGO.

The Pennsylvania Company Has a New Arrangement in View.

A NEW ROUTE DOWN THE OHIO RIVER

From Bellaire to Marietta and Thence to Chillicothe—Lots of Traffic Promised for the Terminal System and Union Bridge in the Immediate Future.

The latest railroad rumor is to the effect that the Pennsylvania company will run trains direct from New York and Philadelphia to Cincinnati, Louisville and Nashville via Pittsburgh, Mingo Junction, Bellaire, Marietta and Chillicothe, as soon as the necessary arrangements are made and the line is finished.

It is a well known fact that only last month the Cleveland & Pittsburgh railroad negotiated a loan for \$10,000,000, and this railroad company is preparing to lay a double track between Bellaire and East Liverpool. This confirms the rumor to some extent, and it is believed that the company will carry out the scheme. The fact that the company has on foot an important movement cannot be denied. Several of the great trunk lines are getting ready for the World's Fair, and the Pennsylvania is among the number.

This road it is alleged, will run vestibule trains over the new route from New York to Cincinnati, thereby making the run sixty miles shorter than the present line via Columbus, as a railroad map will show, and this is an important item.

Trains would run from New York to Pittsburgh, thence to Mingo Junction over the Pan Handle, as Cincinnati trains have run, but instead of following the Pan Handle from that place they would take the C. & P. run down to Bellaire, from there go to Marietta on the Ohio Valley, now being constructed, and from Marietta run to Chillicothe, there again striking the Pan Handle—a part of the Pennsylvania system—and over it run on to Cincinnati, as trains now do.

The Ohio Valley road will be a part of the Pennsylvania system. The work of building it is being vigorously pushed forward day and night.
Mr. John McKim, of the Cleveland & Pittsburgh, appeared before the Martin's Ferry Council on Tuesday night on behalf of the company, at which time an ordinance was presented from his company, asking for permission to lay a side track through the city on the west of the main track, and agreeing to put up gates at the crossings, repave the streets and accept the ordinance within five days after its passage. Several of the Martin's Ferry councilmen objected, and Mr. McKim finally stated that the business of the Ohio Valley and the Pennsylvania company necessitated a double track, and that the company would ultimately have a double track, not only in Martin's Ferry, Steubenville and East Liverpool, but between Bellaire and Rochester.

Another rumor has it that the C. & P. will cross the Union bridge, as also will the C. & L. & W. These roads, it is understood, have been waiting on the Wheeling and Lake Erie to make the fight with the Terminal people, and now that they have secured a low rate, other roads will do likewise.

The rumor that the B. & O. will run over the Terminal and W. & L. E. to Lodi is not credited.

The Wheeling and Lake Erie expects to be running regular trains over the Terminal into Wheeling by this time next month. Wheeling and Lake Erie stock is gradually going up.

The Most Pleasant Way of preventing the grippe, colds, headaches, and fevers is to use the liquid laxative remedy Syrup of Figs, whenever the system needs a gentle, yet effective cleansing.
